***LED Lights- Low Heat! Low Power Consumption-Great Green Solution!***

**Conference equipment:**

Podiums, Press splitters, low profile sound equipment. Audio systems with lavalier and headset microphones for any size conference.

**We look forward to making your event a success!**

## Full Service Packages

***Call and talk to us about your needs for a Full Service Event Package.***

**We can help you determine what you need for your next event.**

**We provide quality, professionalism, and experience in the field of audio / visual rentals and production. We pride ourselves in our commitment to customer service, focusing on making the individual needs of our clients a reality.**

### **Events & Parties**

We can provide *full service design, installation and operation* of audio, lighting and video for your event as well as DJs, MCs and other entertainment!

### **Weddings**

Our team will help plan and coordinate the look and sound of your wedding. We have experienced DJs, MCs and Engineers to make sure that you have the wedding of your dreams!

### **Concerts & Live Music**

We have all of the equipment that your band needs to make your performance the best it can be. Live music takes a special attention to detail and many of our Engineers are also musicians who understand the needs of a live performer.

### **Corporate Events**

Professionalism is the key to producing a successful corporate event. We understand that representing your company through a quality presentation is your main goal. We can and will provide you with all of the tools necessary to make your event a success.

### **Movie Projection**

The film industry plays a huge role in Los Angeles and we recognize how important that is to our customers. We make sure you get the most out of your viewing experience at events ranging from supporting a film premier with projection & sound to backyard parties.

### **Press Conferences and Conferences**

Getting your message out is important! We can assist you with audio and video support insuring the press gets the information they need from your event. We can provide microphones, press splitters and even record the event!

### **Board Meetings**

We can set up to record your board meeting and deliver the results on either cassette or CD for your records. Documenting your meetings insures a precise record for future use and reference.

### **Trade Shows & Conventions**

SSR will provide full audio-visual services to make your trade show presentation a resounding success throughout your industry. We can provide services for single booths, or the whole event.

### **Mobile Recording**

Our Engineers will come to your event, record, mix and master a final CD. We specialize in helping bands create polished, professional recordings that you can be proud of -- recordings that will help you get to the next level.

***Call for a Customized Quote for your Next Event!***
